Dress Goods and Silks Cut and Fitted Free

Miller & Miller, the Celebrated "Cut-and-Fit" Artists, Will Be Here for Several Weeks, Beginning To-Morrow

This was to have been the chief feature of our Fall Opening in October, but on account of the illness of Madame Miller the engagement had to be cancelled.

We have arranged at a great expense to bring these artistic cutters and fitters to Richmond now at a time when we feel that women have more time to select and make their garments than at any other time of the year, also at a time when materials are being sold at unusually low prices for both silks and woolen fabrics.

The remarkable success which Miller & Miller have attained in other cities throughout the land is a surety of the excellence of their work, and it was only after a most careful investigation that we made provision to offer their services to our patrons.

During this engagement you may select any piece of silk or dress goods in our magnificent stock, which embraces nearly everything that is new and worthy from foreign and home mills—everything that we retail at 64c a yard or more—and have it cut to your measure and perfectly fitted, absolutely free of charge, saving

you the entire cost of cutting and fitting of both outer materials and linings for suits, dresses, coats or skirts.

Mr. Miller measures you, cuts your materials for suits, skirts, dresses, evening gowns, coats or whatever you may select, from the wide range of fashion figures presented for choice, and Mrs. Miller fits the materials perfectly to your figure, everything being made ready for the final sewing, which any home needle-worker of average skill can complete with little or no trouble.

Come any hour of the day. Miller & Miller are industrious folks, and are at work from early morn till late at night—have to be, else they would never be able to keep up with orders.

With this fact in mind, we suggest that you make an early selection of materials in order that there will be as little delay as possible in getting the garments to you.

As for buying Dress Fabrics and Silks, opportunities were never better than at the present time.
